

It Happened TODAY

People

Princess Margaret Rose, globe-trotting member of the Royal family, will find a handsome welcome in Canada's door step if she decides to visit America this fall. Formal invitation will be sent to her by the president of the United States, Mr. Truman, to stop off at the Good Hope if she plans on visiting the United States.

Farm

Next two weeks mark D-day for grasshoppers in Saskatchewan. Provincial authorities, forming the next two weeks for "critical period in the province's campaign against grasshoppers," say a crop invasion by millions of the grasshoppers will develop this week unless 1949 summerfallowers are trapped immediately.

Aviation

The aviation world's UN, the International Civil Aviation Organization, elected Indian High Commissioner to Canada, Sardar Harpal Singh Malik, as president at the third assembly in Ottawa.

Notion

Steel shortage, big post-war manufacturing handicap, may be beaten before the end of the year, according to the U.S. and the U.S. will likely result in steel prices being decontrolled in Canada before 1950.

MARGARET ROSE
—Globe-Trotter.

Because Arabian prices went up "bright gold" 25-30,000 British gold sovereigns are being held in a Montreal bank in one of the most fabulous oil transactions in history. British oil companies to buy for oil concessions in Saudi Arabia, was located in Argentina, shipped to Canada for sale, and will be sent to Arabia.

Bethel war widow, Joyce Mack, who "loves living" may have a hard time finding a job in the Calgary district. She left Lethbridge yesterday, bound for Calgary where she wants to work as a stable girl. Calgary ranchers say "there ain't no such animal" as a stable girl in Alberta.

Labor

Welfare fund for coal miners in the fields of Southern Saskatchewan may be boosted by 12 cents per ton of coal mined. New contracts between miners and management will ask increased welfare payments of 15 cents a ton on coal mined in the area.

Spy Scandal

It will have to be "yes" or "no" pretty soon as to whether or not a person has been a Communist in the U.S.A. Both the Congressional Committee and a Senate sub-committee will prosecute persons who refuse to answer such questions if congressional subpoenas can be obtained.

Eleven Hollywood actors and writers were charged with being Communists at one time.

Fire Chief, Two Aides Die in St. Paul Blaze

ST. PAUL, Minn., June 9.—(UP)—Ed Novak, 53, chief of the St. Paul fire department, and two of his assistants were killed today when a wall collapsed on them during a fire in a paper company warehouse.

Another fireman was injured by flying bricks when the heavy masonry firewall buckled at the huge Waldorf paper company storage building.

DIE INSTANTLY
Novak and his assistant, Frank McMahon, 52, were killed instantly when the falling wall buried them under a shower of bricks and released thousands of tons of water-logged paper down upon them.

Distriet Chief Harold Black, 50, was caught in the falling debris also but was alive when a crew of 38 firemen freed him. He died on the way to midway hospital.

The fire broke out about a half hour before midnight in the Waldorf company main warehouse.

The building, a block long and 10 feet high, contained thousands of bales of waste paper in fire-wood compartments that divided the building into 30-foot sections.

RE-ENTERS BUILDING
After fighting the fire for more than an hour, Novak came out and returned to the burning building.

"It looks like she's under control. The damage probably will run to \$250,000, or even \$500,000."

Then he, McMahon, and Black re-entered the flaming building.

Superintendent of fire alarms Arthur Brimacombe said they were just inside when there was a snap and a rumble and the wall began coming down.

Wyoming's Elk Population Grows
JACKSON, Wyo., June 9.—(UP)—The Wyoming Game and Fish Commission today announced that the herd now numbers 16,070 animals, a 4,000-elk increase over 1945 when the last count was made. The 1946 census showed more 11,000 elk in government feed lots and the remainder in the range areas of western and northwestern Wyoming.

Bribe Attempt Sentence Given

(Continued from Page 1)

In 1945 he went to Calgary where he entered the insurance business, by several associates, soon de- clared to form their own insurance company.

IGNORANCE OF THE LAW

"Foolishly, and in ignorance of the law, he offered a bribe to four members of the legislature to help push through the bill incorporating the company."

"He now realizes the seriousness of the offense and I am satisfied that he will not come with the reach of criminal law again."

Justice Ford, in suspending sentence, said "I have no doubt that under the circumstances the justice of the court will be satisfied with suspended sentence."

Approval was voiced by prosecution, who told court, "I am instructed to agree if Your Lordship decides on suspended sentence."

PLACED ON RECOGNIZANCE

Magee was placed on his own recognizance for a period of one year.

"You are to be on your good behavior during the year," said Justice Ford.

"I don't intend to give you a sentence," the judge continued. "But we are rather proud in Canada to be able to maintain a high standard in public affairs."

You would have lowered that standard by bringing provincial re- sentment.

He warned Magee: "You can't expect to buy your way out of life."

If he re-thinks the position through, he may be able to do as he wishes as he can see fit.

Alberta Oil Has Key Role

ST. ANDREWS-BY-THE-SEA, N.B. June 9.—(CP)—The United Nations Conference on the taxation of oil, which was opened in St. Andrews, N.B., today.

Sawyer was speaking to the 7th annual meeting of the Canadian Manufacturers Association.

"Fortunately, the new fields in Alberta appear to be very rich, possibly as rich as our own fields in West Texas. We cannot predict with any certainty what this new discovery will mean to the economic relationship between Canada and the United States."

"For one thing, it may mean that Canada will not long have to worry about a deficit in her balance of payments with the United States."

"Probably new pipe lines will be built from Alberta to the head of the lake and to the West Coast."

It is possible that oil from Alberta will be shipped through the Great Lakes and the St. Lawrence Seaway to eastern Canada and to the east coast of the United States."

MAURICE DUPLESSIS
... As usual.

Miscellany

Canadian business has a heart — a lonely one. E. C. Wood, Canadian Chamber of Commerce member, announced at Montreal that the C.C.C. has published a booklet "How to Make Friends for Your Business", explaining what can be done to promote better understanding of business.

Transport Cost Bars' Industry

(Continued from Page 1)

The major said that peculiar situation arises where mineral rights are owned by private owners of land within the city. General regulations allow only one well to 40 acres. If a man owned 30 acres he would have to make a well to 40 acres to secure the additional 10 acres before he could drill a well.

Also general regulations do not permit wells to be drilled nearer than 400 feet from a roadway or building, it was pointed out.

The rate scale on the prairie is generally higher than in the two central provinces. The board of transport commission, regulatory body of the carriers, now is making a freight-rate study with a view to equalization.

Yesterday, the commission received a series of briefs from producer organizations and trade bodies protesting against Saskatchewan's treatment in transportation cost, a longtime complaint of this province situated far from its main markets, and sources of supply.

Equalization of freight-rate levels between east and west was called for by the Saskatchewan associated boards of trade, the Regina chamber of commerce and the Saskatchewan board of trade.

British Trio Set For Expedition to Cassiar

JASPER, Alta., June 9.—(CP)—The Cassiar, also known as the Stikine Mountains, deep in the heart of northern British Columbia, are going to get a good going over this summer by three young members of the Climbers' Club.

Capt. Hamish Pelham-Burns, leader of the expedition, Capt. Robert Curtis, surveyor, and youth Michael Cox, botanist, make up the trio of Alpine experts.

The Royal Horticultural Society, the British Museum and the Royal Geographical Society are interested in the expedition which will keep the men in the Canadian Rockies until the end of September. Assistance is being given by the Canadian Department of National Defence.

GOVT TO GET RESULTS

Results of surveys, to be made by Capt. Curtis, will be made available to the government. The climbers also plan to make photographic pictures in color of the area they will explore.

Capt. Pelham-Burns is most experienced of the three, having been climbing for the last 15 years in the Alps, the Solikis and other mountains. Mr. Cox has climbed in the Alps and the Scottish hills, and Capt. Curtis has had his training in the Scottish Highlands.

Pigs Have Them, Too

CHICAGO, June 9.—(UP)—Hogs have stomach ulcers, too. So do nearly all species of domestic animals, a current issue of the Prairie Farmer says.

CONGREGATION DESERTS

Top Wheat Kings Only Pain in Neck to Padre

CALGARY, June 9.—(CP)—Brandon Wheat Kings, Western Canada's hockey champions, are "a pain in the neck," Rev. Norman E. Todd of Brandon said last night.

In an address before the final session of the two-day annual meeting of the Calgary-Lethbridge Baptist Association, Mr. Todd predicted a tendency of Wheat Kings' supporters to follow their favorites at the expense of church attendance.

The pastor of First Baptist Church in Brandon said his flock had deserted a church meeting to attend a playoff game. The desertion took place, he said, although they knew a piece of rubber would be chased up and down the ice by the same players who had chased it just hours before.

Pals Heads Commerce, Farm Group

RED DEER, Alta., June 9.—(CP)—J. P. H. de Caster, Alta. yesterday was re-elected president of the newly-named Alberta Chamber of Commerce and Agriculture.

Name of the organization was changed at the annual meeting of the chamber yesterday. It formerly was known as the Alberta Board of Trade and Agriculture.

James Holden of Vegreville, Alta., was named honorary president and M. Cunningham of Red Deer, Alta., is past president. Vice-presidents elected yesterday are W. H. Jackson, Lacombe, Alta.; W. T. Hill, Lethbridge; and Angus Macdonald, Calgary. T. Wilkes of Lacombe was elected treasurer.

DIRECTORATE INCREASED

It was decided to increase the number of directors from five to eight, as follows: A. L. Burrows, Edmonton; N. P. Bell, Drumheller; J. Fitzalan, Vegreville; Norman Umshak, Camrose; T. P. Walsh, Macleod; W. A. Austin, Didsbury; D. O'Brien, Grande Prairie; R. A. Lavery, Medicine Hat.

More than 100 delegates from all sections of the province attended the meeting. Also present was Alberta Agriculture Minister David Lure.

The meeting approved a resolution for formation of a Trans-Canada highway committee with representatives of both provincial and Dominion governments. It was suggested that construction begin soon, initially in those areas where unemployment appears to be greatest.

EDUCATION AID URGED

Because of increased cost of education, delegates passed a resolution urging Alberta government to endeavor to give greater support to elementary and secondary education. The resolution also urged the province government to use federal education grants to assist towns and rural divisions to erect and equip vocational and technical schools.

On the question of natural gas export from the province, the meeting

expressed a hope that "Alberta first" would not be a slogan, but that natural gas rights to property where oil is found, was deleted. It was urged for the next annual meeting Agriculture Ministers to take up against the "special" royalty.

BIG TROUT STRAWBROS

PARIS, Ont., June 9.—(CP)—A big brown trout in the Grand River here not only bounces car around but gives fishermen the run-around.

Residents have noticed the big fish chasing the late-type car near the bridge. Attempts to hook the trout have been unsuccessful so far.

New Official Post For Coast Minister

KITCHENER, Ont., June 9.—(CP)—Rev. James Munro of Vancouver, yesterday was appointed associate secretary of the general assembly of the Presbyterian Church of Canada. He will be associated with Rev. William Cameron whose resignation from the post was declined by the assembly.

Approved for opening and operating a training school at Medicine Hat, Alta., was deferred for further study. The proposal provides for a school to train students for ministerial and deacon work at Presbyterian colleges. Approximately 20 students would attend.

Mine Operators Ired by 'Holiday'

John L. Lewis Move Termed Face-Slap to Coal Industry

By Laurence Gonder

WASHINGTON, June 9.—(UP)—Coal operators today termed John L. Lewis' latest stop-work order "a slap in the face," and some said it might cancel all talks for a new soft coal contract.

Lewis, in a move clearly designed to strengthen his hand at the bargaining table, told his 500,000 hard and soft coal miners to quit work for a week beginning Monday. He said the "magnificent" coal production so far this year threatens "the stability of the coal industry as a whole" and must be stopped.

STUNNED BY ORDER Coal operators, some of whom are trying to get a new contract with Lewis and head off a possible strike June 30, were stunned by the "holiday" order.

Southern coal producers, who have been negotiating with the United Mine Workers at Bluefield, W. Va., called the work stoppage "a slap in the face" answer to their proposal that the union give up its right to call strikes at will. The negotiations were resumed last year until Monday after the miners rejected the operators' offer of "grotesque, medieval and a shame."

NO FURTHER TALKS Important southern producers predicted that the contract talks would not be resumed until Lewis sends his men back to work. Some industry officials speculated that the one-week "holiday" would not end on schedule in the soft coal fields. Under Lewis' time-lapse, the 400,000 soft coal miners would leave the pits Monday, May 20, and then work until June 25, when their annual vacation period begins. Industry officials doubted that the miners would go back to work for the five days before their vacation begins.

Officials of the steel company owned coal mines expressed doubt they would even begin to bargain with Lewis until after the "holiday" is over.

Not Much Love Lost WOODSTOCK, Va. (UP)—After hours of deliberation, a jury in an \$8,000 alienation of affections suit awarded the plaintiff 50 cents.

Rape Accused Tries Suicide

LETHBRIDGE, June 9.—(CP)—George Voyko, committed for trial earlier this week on a charge of rape, attempted to take his own life yesterday by slashing his wrist while in the Lethbridge jail.

He is in Lethbridge hospital for medical attention and is expected to recover.

A 19-year-old girl was allegedly attacked on the outskirts of the city last May 30 and Voyko was arrested and charged with the attack afterwards.

Warden H. Holt of the Lethbridge jail declined to make any comment on Voyko's suicide attempt. It is not known what the prisoner used to cut his wrist.

Four Admit Robbing Firm

CALGARY, June 9.—(CP)—Four employees of a Calgary wholesale hardware firm yesterday pleaded guilty in police court to charges of stealing from their employer.

A fifth employee, John Gray, of the J. H. Asdown (wholesale) Hardware Co. Ltd., reserved plea to a similar charge and was released on \$1,000 bail.

All five, arrested in a series of police raids on their homes Tuesday night, were remanded to Friday.

The thefts allegedly committed over a period of about 18 months, were discovered during a routine check of a petty theft complaint. Police recovered two truck loads of stolen goods from their homes.

Items recovered included lawn mowers, electric wiring, pressure cookers, toasters, a toilet bowl, and five suitcases.

Pleading guilty were Charles W. Ferguson, Frederick Mayhew, Robert Parker and Archibald Broadfield.

3 Doukhobors To Stand Trial

NELSON, B.C., June 9.—(CP)—Pete Swelishoff, Mike Berenshaff and Vera Doukhoboff were committed to trial yesterday on charges of setting fire to the newly-built school at Tarryn April 24.

8 RCN Seamen Aboard Frigate Refuse to Obey

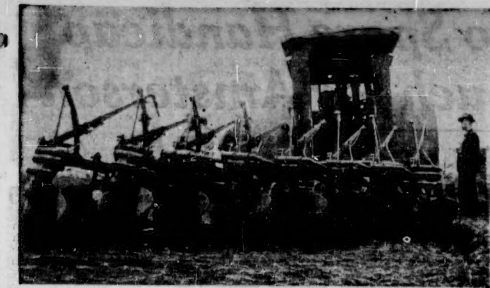

HALIFAX, N.S., June 9.—(UP)—The navy, upset over the past few months with more crew trouble than it had ever before faced in peacetime, last night announced another incident.

It said in a brief one-paragraph statement that eight young seamen aboard the frigate Swans were refused to obey orders.

The official announcement did not say what sparked the brief flurry of disobedience that took place in a few days.

Border Arrest Nets Suspect

MONTREAL, June 9.—(CP)—Leo (Willie) Baxter, 29, suspected of a part in a \$20,000 armed hold-up at Banque Provinciale du Canada branch at Varennes, Que., has been arrested at the Detroit entrance of the Windsor-Detroit international bridge, deputy-director of the Windsor-Detroit international police said last night.

A MAN WHO RUNS his farm with horses and the little gadget above, Charles Borgwardt, of Horse Hill, stole the show when he turned up at a plowing match at Oliver farm yesterday with his 1914 tractor and plow. Mr. Borgwardt broke nearly 1,000 acres at Horse Hill with this machinery, still uses the motive power for threshing.

House-Size Tractor Caps Jaycee Plowing Tournney

By Ken Liddell
Provincial News Editor

Charles Borgwardt, who years ago broke most of the land around Horse Hill, yesterday rolled up to plowing match at Oliver Farm with the things he did it with—a 1914 tractor as big as a house and a plow as long as the lot.

"And where," somebody asked him, "did you go to get that out of retirement?"

"Retirement?" thundered Mr. Borgwardt, "I use it on my farm all the time. Thresh with it. Use horses otherwise. Haven't a new machine on the place."

PLENTY OF BOTH And with Mr. Borgwardt there came more of the old, and plenty of the new.

There were 11 tillers and 11 plows and an estimated 5,000 people at the first annual plowing and plowing competitions of Edmonton Junior Chamber of Commerce.

Sharing honors with Mr. Borgwardt in the old-line was Karl Walters, 1925-84 street Edmonton, and also of Leduc, who fanned about with a rotary reaper used in the days before the binder.

For the new there were the tillers and tractor-drawn plows—some took a back seat to the old. There was Helen Saramaga, 18, of Wintburn, who participated in the tiller competition, failed to place but got a special prize.

"I do all the field work at the house," explained the girl, "but I'm a bit jittery on a job like this. At home I run everything right down to the threshing. Dad's a mechanic and he keeps it in good shape. I love farming."

Smiled Matthew Saramaga, her father, "I told her to plow normal. I'm more fussy at home than they are here, I think."

PRIZE INTERESTING! PRIZE And Charles Borgwardt plowed normal, too, with his 1914 International Model tractor hauling the eight bottom Oliver plow.

For the effort he won first place for the most interesting exhibit of old machinery, and Karl Walters, whose old reaper threw the grain on a platform then swept it off to be tied by hand, was second.

Borgwardt said he broke 1,000 acres at Horse Hill, area of the Oliver farm, in the days around the first World War. His machine operates with either gas or coal.

NEVER LET HIM DOWN The outfit cost \$6,500 with separator, explained Borgwardt, who wore coat overall.

"It was what I wanted at the time. It has never let me down," he said.

"Then, to explain why he still used it, he added, "now it is a pretty hard thing to get rid of."

It is a mammoth affair, wheels as tall as a man, and in its prime it pulled two breakers each weighing 1,915 pounds.

SORRY FOR NEGLECT And of all the people there, F. Mannmiller, of Wintburn, was rather sorry that in his prime he had not gone to plowing matches.

He said he'd been on the land for 42 years and this was the first he had seen. He graduated from even to horses and when he quit farming in 1942 his sons brought in machinery.

"These matches are great things," said Mr. Mannmiller. "They must have been great sport in the old days. I never got to them. Raised such a big family I never had a minute. I had to work for my 'living'."

GREAT SUCCESS It was a successful effort for the Junior Chamber of Commerce and from the attendance of farmers partly out of curiosity, officers anticipated more entries for next year's show.

Competition winners were: Tillers up to 3½ cut: 1. Alex Ziegler, Wintburn; 2. Hugh Speer, RR 6, S. Fred Crosswell, RR 6, Edmonton.

Tillers, six foot cut and over: 1. J. W. Lamoureux, RR 4 Edmonton; 2. Kent Clark, RR 4 Edmonton; 3. R. Veale, RR 4 Edmonton.

Tractor-drawn plow, one or two bottom: 1. Alfred C. Ellett, RR 2, South Edmonton; 2. Rex Corbett, RR 8, Edmonton; 3. J. R. Crozier, RR 2, St. Albert.

Tractor-drawn plow, three bottom: 1. M. Watson, RR 2, South Edmonton; 2. Cyril Lewis, RR 2, South Edmonton; 3. Allan Sweetnam, North Edmonton.

Tractor-drawn plow, four bottom: 1. George Horricks, RR 4, Edmonton; 2. T. W. Rees, operating T.

SIN'S WAGE IS A BIBLE

ST. IVES, Cornwall, England, June 9.—(AP)—Six Bibles, bought annually from funds left by a centuries-dead Puritan, were distributed Tuesday to children here. By ancient custom, the vicar and two church wardens umpired as 12 kids vied for the Good Books. They rolled dice.

Early July Opening For Nfld. House

CALGARY, June 9.—(CP)—Newfoundland's first provincial cabinet was sworn-in yesterday by Lieutenant-Governor Sir Albert J. Walsh, Premier Joseph Smallwood told reporters the Newfoundland legislature will open early in July and not June 24 as he had announced earlier.

Of the group, one is from Albert J. H. Stone of Edmonton, a graduate of Queen's university, and a war veteran, has been posted to Paris.

Not Much Love Lost

WOODSTOCK, Va. (UP)—After hours of deliberation, a jury in an \$8,000 alienation of affections suit awarded the plaintiff 50 cents.

HALF-WORLD AWAY

Son Surpasses Mark Set By Own Father

JASPER, Alta., June 9.—(CP)—In the Church of St. Michael's and All Angels at Pelsall, Staffordshire, England, not far from Birmingham, there is a brass plaque affixed to the organ testifying that J. B. Snape was the organist and choirmaster for a period of 25 years.

Here in Jasper, in the Church of St. Mary and St. George, there is a brass plaque affixed to the organ testifying that J. B. Snape was organist and choirmaster for 26 years.

This remarkable instance of repetition of history came to light with the retirement this week of J. B. Snape, resident engineer of Jasper National Park since 1920. Mr. Snape was born and raised at Pelsall, where his father was a civil engineer and served as organist and choirmaster of the local Anglican church.

Mr. Snape followed his father's footsteps, both in the selection of vocation and avocation, and thus brought about the curious repeat performance.

Cards, Dodgers Continue Torrid Pace in NL Drive

NEW YORK, June 9.—(CP)—Who will break first? That's the question every baseball fan from the Arctic Circle to the Florida Keys is asking himself today, as the St. Louis Cardinals and the Brooklyn Dodgers maintain their breakneck pace in the National league.

Both clubs won yesterday, allowing the Dodgers to stay a game ahead of the Cards. But a couple of bad games by either team could easily drop it well behind in the pennant race. It's a psychological boost to the other that might well mean a league championship when the fall rolls around.

In comparison, the American league race has been completely overshadowed. There the New York Yankees climbed to first spot early in the season and have maintained a comfortable lead all along.

Yesterday, both the Dodgers and the Cards called on second-line pitchers, and both responded magnificently. Unpredictable Rex Baber pitched a two-hitter at St. Louis. The two-hitter at St. Louis was a 2-0 victory over New York.

Robinson shines. Jackie Robinson shone at the plate for the Dodgers, smacking out a first-inning triple, and a third-inning single to knock in the Cardinals' first two runs. For the Cardinals, rookie Eddie Kinsler drove in one Redbird run and scored the other himself.

Philadelphia Phillies downed Pittsburgh Pirates 2-0 in another day of 100 percent pitching. Stan Robison shut out the Pirates in six innings, but he was hard put to match the efforts of Ernie Haney and Hugh Casey, who only allowed one run in six innings.

Joost's first homer. After a poor start, pitcher Al Keller of the Philadelphia Athletics settled down to defeat Chicago White Sox 5-2. It was Keller's fourth victory of the year. Eddie Joost hit his first home run and Elmer Vaez pounded out a two-run triple to lead the Athletics.

Golfers puzzled by Medinah Maze. CHICAGO, June 9.—(AP)—Top-flight United States golfers yesterday were at their last free ride around Medinah Maze.

At the last of the 162, in final practice round, failed to find the answers to a flock of questions this exciting layout will ask as the 49th National Golf tournament gets under way today. Included in the cast of aspirants

STUDY JIM PURDY left for Winnipeg last night where he will vie for honors in the dominion bicycle racing championship over a 50-mile grind Saturday. He wore the Edmonton-to-Spruce Grove-and-return jaunt last summer.

Ina Ward's Homer Gets Double Results

Ina Ward blasted out an inside-the-park homer in the second inning at Kingsway last night to give Walkers a 1-0 Senior Ladies' fastball league victory and possession of first place in the circuit. Mortons are the ones that lost most as a result—both the game and first place.

Table with 2 columns: Team, W, L, Pct. GB. Lists standings for Senior Ladies' league.

In the nightcap, a Senior Men's fixture, Skippers consolidated their hold on second place with a well-earned 3-0 win over Anshers. The Veterans topped all other teams to finish in fifth place.

Kearns Mackintosh held Mortons in check all the way, she gave up two hits, but to Mortons, never let a runner past second base.

In the men's game it was another two-hitter that best Anshers with Singer's ace right-hander, Jim Milne, stalling comfortably in the driver's seat. Frank Flushto led the losing charge.

Lefty Tom Don Murray, with three hits, and pitcher Mike, two, led the Singer attack.

SPORTS

By STAN MOHR, Sports Editor

She 'Liked' Air Cadet

Don't try to stop us, even if you've heard this one. It seems that just before the feature fifth race went at the track yesterday afternoon a sweet young thing presented herself at one of the wickets and asked for a "win ticket on Air Cadet."

The particular scalar was kind but firm. "You can't bet on Air Cadet. He's been scratched," he informed the young lady.

"That's alright," she is supposed to have replied. "Just so long as he hasn't been all cut up I'd still like to bet on him."

Kidding on the square here's one alleged observer of the racing picture who can't get used to the business of horses being scratched, particularly at almost the last minute, as was the case with trainer Earl Robertson's Air Cadet.

Granted the gelding had started and won on Tuesday. Obviously there was little real chance that he would be sent out again yesterday.

But the matter of deciding should have been taken care of before the programs for yesterday's card had been printed and sold to the public.

The Oomph Wasn't There

Fact that neither Pagan Star nor Air Cadet 'spoke to run' detracted mightily from the rating of the 'Speed to Spare' handicap as the No. 1 race of the local season.

Actually it proved to be one of the poorest run races of the 14-day meeting. Spectacle of Amersham, a noted stretch runner, cutting out the pace over the last half mile, came close to being ridiculous.

However few will suggest that any but the top horse won the race, even though the game Allied Admiral, under a strong ride by George Godley, closed a good deal of ground on the staggering Amersham in the run through Heartbreak Lane.

But think what a contest it might have been with Pagan Star as a 104-pound imbecile scared off the Campbell ace and Air Cadet on hand to make it tough for Amersham and the others.

However even the Citations of the game 'take out' races when it's the fancy of their owners. Just an old racing custom and one that the horseman backs up with all kinds of reasons, or excuses, as they sometimes are.

But Those Facilities!

Generally speaking the meeting was a fine success, the corner grocer and other tradesmen who claim a race meet breaks the town to the contrary.

Competitively many a good race was dashed up. The riding was possibly the best seen here in years. For one thing there were lots of horsebackers on the premises.

The hiding for mounts was brisk. Not so many years back Judge Schilling, the presiding steward, was hard pressed to get enough riders to go round.

In these years the little fellows in the silks were pretty independent. It was a healthy situation.

Mutuel payoff for the 14 days reached a lousy \$1,357,000, less than \$15,000 under the total for last August's stretch. This was the most successful spring meeting in the history of racing in the province.

Of course as the meeting went its way the so-called 'facilities' of the Exhibition plant continued to be a sore point with many people.

Let's hope that by next spring things will be a lot better in this respect. Right now the race-track set-up is a disgrace to a city so much 'in the news' as is Edmonton.

Ulrich Cops 'Peg' Tourney

WINNIPEG, June 9.—(CP)—Slashing past by seven strokes Wally Ulrich, Minneapolis ace, captured a brilliant 54-hole medal play title in the 1949 U.S. Open tournament that concluded yesterday.

Ulrich, who led from the first round, turned in a hole-in-one of 67, 70 and 75 to finish five strokes ahead of runner-up, Gene Sarazen.

Ulrich, who led from the first round, turned in a hole-in-one of 67, 70 and 75 to finish five strokes ahead of runner-up, Gene Sarazen.

Paris Watched By China Reds

Pattern of Relations May Be Influenced by Outcome

NANKING, June 9.—(AP)—Chinese Communist leaders are reported today watching the Big Four foreign ministers conference as a guide for relations with western powers.

Diplomatic observers here believe outcome of the Paris meeting will be a strong influence on the pattern of relations with Britain, the United States and France.

The foreign-policy line of the Chinese Communists of late has followed closely the lead of Russia.

Failure of the big four ministers to ease tensions of the cold war is expected to further strain to Chinese Red relations with the west.

Already there are potentially explosive problems that could flare into serious trouble.

There is deepening friction between the United States and the Reds.

This centres on treatment of American consulate general at Mukden in Red Manchuria.

The United States state department May 17 ordered the consulate closed. For six months it had been isolated from all contact with the outside.

BRITAIN TROUBLED

Britain also is experiencing difficulty with Chinese Communists.

The most serious British trouble is trying to get the damaged Anglo-American ship of the Yangtze River to a British port.

The ship has been marooned between Nanking and Shanghai since April 19 when she was fired on by Red shore batteries. Crew members still aboard.

"I suggest it is also worthwhile maintaining the national policy in the west," said the British ambassador in Nanking.

He said the British government is taking steps to ensure it is in a position to take the ship to a British port.

The British embassy here has refused to comment on Amethyst negotiations.

Communists are believed to be demanding an admission from Britain that they were responsible for the Yangtze incident as the price for giving the ship safe conduct downstream.

THIEF GETS BIG SURPRISE

DENVER, June 9.—(UP)—A woman approached a parked car or a downtown street opened the back door and stole a shoe box.

She vanished into the powder room of a nearby department store. A few moments later there was a loud shriek.

The box contained a dead cat, which the driver of the car had taken with her to dispose of.

U.S. Canadian Ministers Gain

KITCHENER, Ont., June 9.—(CP)—The 7th general assembly of the Presbyterian church in Canada yesterday approved a comity agreement with the Presbyterian church Tuesday approved a comity agreement provides that when a minister transfers from one country to the other he church service, that position credits and accumulation be related. The agreement was ratified by the church in the U.S. last May.

Fathers-To-Be Now Labelled

BROOKLINE, Mass., June 9.—(UP)—Prospective customers of a new diaper service wear "paternity pins." The firm presents the insignia to expectant fathers.

South Africa Joins World Wheat Deal

CAPETOWN, June 9.—(Reuters)—South Africa decided yesterday to join the international wheat agreement, which seeks to establish "fair and stable prices" for wheat.

The assembly here approved the motion to join for a four-year period as from August 1, this year.

Not So Small-Boned

HILLSDALE, Mich., June 9.—(UP)—Namen can be misleading. George Smalton, six-foot, five-inch, carries 235 pounds on his "small-bone" frame.

Doctors Disturbed By Infiltration of Gov't

SASKATOON, June 9.—(CP)—Canadian doctors are disturbed "by a gradual infiltration into the field of private practice by government," Dr. Harris McPhedran of Toronto said yesterday in an address to the British Commonwealth Medical Conference.

The Canadian Medical Association distrusts state medicine and national compulsory health insurance schemes because "we fear political interference and control."

"We fear regimentation which lowers dignity, liberty and freedom of the individual whether doctor or layman," he said.

"With the inevitable lowering of standard of practice there will go hand in hand a lowering of the character and competence of those who will enter the study of medicine."

Dr. McPhedran's address to doctors delegates from all British Commonwealth countries is part of a three-day program designed to further the interchange of knowledge of the various countries' medical problems.

The present conference is the first of what may be annual meetings of Commonwealth doctors. As most Canadian medical men have undertaken to review Canada's entire medical scene in a series of addresses at closed sessions.

NATIONAL SERVICE SEEN

Dr. McPhedran said a national health service in Canada is an insurance scheme.

Dr. Cameron said the grants are a first step before going on with implementation of hospitalization and medical care insurance schemes.

Editor Dies

BROCKVILLE, Ont., June 9.—(CP)—Hamilton Richards (Dick), 58, editor of the Brockville Record and Times, died last night at his home here following a heart seizure.

SLOW FREIGHT piles up coal, sorely needed for Berlin's industry, at Grunewald station in British sector during railway workers' strike.

New Industrial Giant TV Seen Revolution in Living

BRIDGE

Give Some Thought To Opening Lead

By William E. McKenney

It might seem odd that I should select as a lesson hand a six-spade contract which can be defeated two tricks if the right opening lead is made. However, there are two good reasons here.

I have talked to you often about selecting the right opening lead and have said that in a large percentage of hands, a mislead and elimination will make the correct lead quite obvious. The natural opening in this hand is the king of hearts, but that cannot be correct. West holds seven hearts and his partner has bid as if he held four, certainly not less than three. Therefore, it will be expected that North or South is void.

♠ A 9 7	♠ 6 3
♥ K 10 8 5 4 2	♥ 10 9 8 5
♦ A K 7	♦ A K 9 2
♣ A 10	♣ Q 10 8 5 4 2

Deal 1

Lesson Hand—Both vul.

South West North East

♠ Pass Pass Double

♥ Pass Pass Double

♦ Pass Pass Double

♣ Pass Pass Double

Is club the best opening? West's partner has doubled six spades, and he has doubled on high cards which are more apt to be in diamonds than in clubs. West's fourth club may be very valuable to protect that suit.

If West held three diamonds to the queen, maybe the club lead should be selected, but with only two diamonds, West's opening should be the diamond queen.

East and West will take the first three tricks and set the contract. Now we will look at the hand from declarer's standpoint. Suppose that West does open the king of hearts. Declarer trumps, and how his only chance to make the contract is to get rid of two diamonds on the club suit. If he catches the ace of clubs and leads the ten, and West has the queen, West will cover. Then declarer

ST. ANDREWS-BY-SEA, N.B., June 9.—(CP)—Television was described yesterday as a great new industrial giant which will virtually revolutionize Canadian life socially and economically.

Seven speakers told of its progress, problems and challenges to two meetings of the Canadian Manufacturers' Association, which chairman L. T. Acheson of Toronto described as most important CMA session that has attended in more than 40 years.

They presented television as the most important new industry since the automobile, and saw its introduction as the motor car in terms of jobs, wages, increased standards of living and busy factories.

CO-OPERATION NEEDED

The manufacturers were also told that it will require co-operation of government, private industry and industry to make it a great Canadian achievement, though there are apparent differences of opinion on immediate procedure.

F. R. Deakin of Montreal (ICRA Vice) said that based on television in the United States, Canada should within a few years require 200,000 technicians, and annually worth \$300,000,000 to \$750,000,000 a year. As to the effect on other industries, he added:

"It would require 2,000,000 pounds annually in copper and wire conductors; 1,000,000 pounds of aluminum fabricated in various shapes and sizes; 4,000,000 pounds of glass in bulbs; 5,000,000 board feet of lumber; 400,000 solder, insulating materials and many thousands of pounds of skilled labor."

BEST MASS COMMUNICATION

A. D. Denton, chairman of the Board of Governors of the Canadian Broadcasting Corporation, described television as "probably the most vivid and effective means of mass communication yet devised by man."

A medium as important as television has to be thought of in national terms.

On a purely commercial basis, it will get only one discard, not enough to make the contract.

South's only hope, therefore, is to East has the queen of clubs. He must play a small spade to dummy's ace and return a club. If East plays low, South fineses the ten. If that holds the trick, he can play the ace of clubs, followed by a small spade to dummy's nine-ace, which will pick up the outstanding trump. Now he can discard two of his diamonds on the two good clubs. He is losing only one diamond trick and making 8.—contract.

One Man Killed, 27 Are Injured

CALCUTTA, June 9.—(Reuters)—One person was killed yesterday and 27 injured in a clash between police and workers in a pottery works in the eastern suburb of Calcutta. An official announcement said the fight began after a "number of Communist workers" approached the factory manager demanding the reinstatement of two workers who had been arrested.

Yard—1.29

Others at 79c and 98c yard.

American white spun sitting—A good weight, sitting that will wash and iron up into something you'll wear and wear.

38" wide—Yard—\$1.

white angelskin

Favorite rayon for lingerie, kiddies' dresses and so on—cool and rustling.

44" wide—Yard—89c

white broadcloth

A special for kiddies' shirts and blouses—a good Canadian cotton broadcloth.

36" wide—Yard—31c

Piece Goods,

The Bay Second Floor

Pudson's Day Company.

INCORPORATED 27th MAY 1970

By J. D.

Policemen and little boys are going to make up at long last. As a matter of fact they've made up in countless cases from one end of the Dominion to the other. Canada is going to be a better land to live in as a result.

We've heard a lot about the fine job Const. D. R. "Doc" McNaughton has been doing in Edmonton to combat juvenile delinquency but Edmontonians are probably not so well informed of the wonderful work of the RCMP with the youth of Canada.

Yesterday I dropped in for a visit with Cpl. Geoffrey Mortimer who is in charge of the "Youth and The Police Program" of the RCMP in Alberta.

Cpl. Mortimer, a tall, friendly young veteran of 32 years on the force, is an enthusiastic leader. Although the RCMP youth program was inaugurated in 1945, it was not launched in Alberta until 1947 and is still in the process of organization.

The program is designed to make good Canadian citizens. Cpl. Mortimer explained. Special training is given policemen like Cpl. Mortimer in every Canadian province.

The entire program is of a positive character.

NO CURTAIN LECTURES

There are no curtain lectures about obedience or the "military" majesty of the law.

"That's just what made kids hate" policemen in the old days the corporal explained.

Tales are given and films shown in the schools all over the province. This work is usually carried out by the local officer in charge of the detachment in the area.

There is a strong emphasis on good clean competitive sport, from between the ages of nine and 12 are the ones who are chiefly interested in. Older boys are harder to sell.

Cpl. Mortimer says he usually talks hockey to Alberta youngsters. It's their special "weakness." He points out that an NHL star like Bill Masterton was the Lady Byng trophy for clean play and sportsmanship even though he is a defence player.

"That tells the kids on the field that a big fellow doesn't have to play dirty to be good," said the corporal.

School inspectors and teachers are enthusiastic over the program although one inspector at first told Cpl. Mortimer: "I don't do for that stuff," he changed.

Results to date have been gratifying beyond expectations. "I receive hundreds of letters from boys, parents and teachers thanking us for our work," said the corporal.

The positive painless method of getting "cops" liked by kids has worked miracles in some cases.

Cpl. Mortimer cited one example, an Edmonton boy of 11 who was considered a "nasty" terror.

The child's parents had separated and the Edmonton orphaned child had been drifting for the youngster. He was lenient to the point of hostility. He was suspicious of the police when they visited him to the police barracks gymnasium.

But he came. There were no lectures about a good boy, no threats of punishment.

A NEW BOY

In six weeks the kid had turned into a little gentleman and he'll stay that way as the corporal. The youngster is on the way to athletic stardom and is a crack shot on the rifle range.

Selling the program to country detachments, policemen have many cases just as hard as selling it to the boys, the corporal said. But now even "hardboiled" veterans of 25 years on the force are enthusiastic. At first they grumbled it was just something that would result in more work.

Now they love it.

The RCMP gymnasium here is open to boys two days a week. There are always good instructors on hand. They seem to have picked a good man for the job in Alberta. Cpl. Mortimer was named most valuable basketball player in the league last year. And he's a mighty valuable friend for the kids.

Shallow Cultivation Urged As Weevil Curb

Shallow surface cultivation in late July is recommended by provincial department of agriculture officials as a means of controlling serious outbreaks of sweet clover weevils.

Heavy plowing in Alberta may be seriously curtailed this year as a result of infection of weevils in sweet clover fields of southern and central Alberta.

Some of the insects have been reported in northern Alberta, but have not yet caused extensive damage in this area.

Adult weevils are small, dark grey beetles which feed on sweet clover plants during the summer, the leaf first and ultimately stripping the plant to the stalk. Larvae feed on roots of the plant during summer.

Adult insects hibernates during the winter and start feeding in May when eggs are laid. The eggs hatch in summer and by August new weevils again attack sweet clover plants.

Surface tillage in late July is effective because this exposes the larvae and pupae to desiccation by heat. W. A. Lobay, provincial department of agriculture crop protection expert, said today.

Infection of crops which are resistant to weevil attacks in crop rotation programs also affords protection against the sweet clover enemy, Mr. Lobay said.

Spraying of infested fields with insecticides at the rate of three quarters of a pound per acre is recommended to be successful in combating the menace, but full value of the insecticide has not yet been ascertained, Lobay said.

THERE WAS NO SECRET about how milkman Marcel Lepine voted on question of Sunday milk deliveries but he cast a secret ballot just the same on whether or not the no-Sunday plans is to continue. Lepine said he is all for the six-day system: He was one of 85 union drivers and plant staff voting on the no-Sunday delivery question at Edmonton City Dairy yesterday. Voting will continue at Woodland, Northern Alberta Dairy Pool and Jasper Dairies today and Friday.

Theatre Dilemma Unsettled As Opening Date Nearing

Golfers Seek New City Deal

Delegation from Mayfair Golf Club, headed by J. R. Lymburn, yesterday asked the City to waive the right to cancel the lease on the golf course for a 39-year period.

The present lease agreement the City is able to take possession of the golf course property on notice of three years and payment of \$50,000 to the club.

Mr. Lymburn said a new locker room building and other improvements costing \$50,000 are planned. Members are asked to pay for the construction. If the City does not provide security of tenure it may be difficult to finance the project, Mr. Lymburn explained.

The new lease will not expire until 1965.

Delegation also asks that compensation for taking over the property be increased to \$100,000 as the club has at least \$100,000 invested.

Question of selling 160 acres of City property in Westmount Park district to the Dominion Government for an ordnance depot was put over until after a study has been made by the Town Planning Commission.

The City has been informed by the Department of National Defence that no explosives will be stored in the depot.

Amendments to Quebec hunting regulations require that hunters be forced to game wardens within 15 days their kills of moose or caribou.

JUVENILES DRAW STERN WARNINGS

Two juveniles were reprimanded and placed on probation when they appeared in juvenile court here yesterday.

The boys, prowling on the premises of the Prairie Rose Manufacturing Co. Ltd., 1011 104 Avenue, were caught by C.N.R. Const. Neiden. A third boy was arrested later and will face charges concerning alleged bottle thefts from the building. At present he is serving 30 days in the South Side Detention Home on another charge.

Three boys who recently assaulted another while he was taking groceries home appeared in juvenile court recently. One of the boys was sentenced to 30 days in the South Side Detention Home, the second boy paid a fine of \$50 and the third received no penalty.

Truckers Wage Boost Remains Unsettled

City Council finance committee members are still not convinced they should grant a pay increase to truckers under contract to the city.

Truckers are asking for 10 per cent and are asking 30 cents per ton mile.

After lengthy discussion of long hauls, short hauls, ton miles and quotas, finance committee yesterday appeared on behalf of the truck contractors, presently engaged in hauling gravel from the city pit near the Mayfair golf course.

Proposed increase would cost the city about \$7500 above the estimate this year.

Jack Taylor, secretary of the Alberta Motor Transport Association, appeared on behalf of the truck contractors, presently engaged in hauling gravel from the city pit near the Mayfair golf course.

At least year the haul was from a pit near Capital Hill.

Taylor contends the present seven-mile haul is through streets carrying extremely heavy traffic, resulting in numerous starts and stops that greatly increase cost of truck operation.

Truckers point out this is the first time they have sought an increase from the City since 1937.

Dr. H. W. Mead, of the Dominion Bureau of Plant Pathology, Saskatoon, will give an address on controlling forest plant diseases.

Group Asks Spot Next To New Hotel Structure

City Council's auditorium committee will recommend to Council that a site in the civic centre area be granted for the construction of a civic auditorium.

In the meantime, the executive of the Citizens Auditorium Committee is preparing a letter for submission to Council outlining the necessity for a central (down-town) location for the proposed auditorium.

D. T. Baker, chairman of the CAC, announced Wednesday that the CAC executive met with Council's auditorium committee earlier this week, and the Council group voted in favor of recommending granting of the site.

Members of the Council committee are Aldermen Bisset, Haines and Parsons.

The CAC, in its letter, will ask Council for the two-block area between the Glenora Hotel site and 104 Avenue. The area is now Civic Centre site.

"The area is no longer really park," Mr. Baker told The Bulletin. "Since the Glenora Hotel will be built adjacent to it, it is just a bare space now."

The CAC is asking for the Civic Centre site because:

1. Central location of the auditorium will be necessary if the structure is to give the greatest service generally to the public, conveniently located if it is to be used all day long. Example of other civic venues must be followed.

2. Civic Centre area is best located as far as the Edmonton Transit System routes are concerned.

3. If the auditorium is centrally located, new downtown cafes, any necessary for a cafeteria in the building would be eliminated.

"That would be a greater opportunity for financial success of the auditorium."

4. An auditorium along the lines of the one tentatively designed by city architect Max Jewar and located next to the Glenora Hotel, and with room for proper landscaping could be the beauty spot of downtown Edmonton.

EASILY MET
"Our needs can be met by a building structure—all we need is four walls and a roof," said Mr. Baker, but he said the CAC is not in favor of a cheaper "compact box-like structure of meagre architectural beauty."

"Council must ultimately determine what type of building will be erected, but we as Council members will want the best," stated Mr. Baker. "This auditorium will reflect the general tone of life in this city."

Auxiliary to Hold Sunday Tea at Home

Children of O'Connell Institute

To Benefit From Annual Lilac Tea

Colorful floral arrangements will be used throughout the rooms of O'Connell Institute Sunday when women of the Good Shepherd Auxiliary entertain at their annual Lilac Tea.

Guests will be received from 3 to 6 p.m. O'Connell Institute is a home for 316 girls, ranging from tiny tots to those of high school age. They are under the care of the Sisters of the Good Shepherd and it is for their benefit the tea is held. To meet guests arriving by bus, automobiles will be waiting at the south approach to the Low Level bridge.

Mrs. E. H. Gabor, president of the Auxiliary, is co-convenor. Mrs. Edward Foley, Mrs. Gertrude Dearing, Mrs. J. W. Connolly, Mrs. Wm. Peet, Mrs. Louis LaPlante, Mrs. Raymond Pringle, Mrs. Julia O'Connell, Mrs. Kate Colbert and Miss Mary Scullion are on the reception committee.

Mrs. James T. J. Collison will arrange the table and Mrs. C. D. Kelly, Mrs. G. T. Gulligan and Mrs. Alex MacLennan will be in charge of the dining room.

Mrs. J. Fitzgerald will be treasurer. Pottery will be Mrs. P. T. Ford, Mrs. Wilfred Legie, Mrs. J. B. Weiland, Mrs. Arthur Chiland, Mrs. J. W. Henderson, Mrs. Austin O'Brien, Mrs. John Scullion, Mrs. Christine Hill, Mrs. G. J. Leach, Mrs. W. Schlander, Mrs. James A. Dostaler, Mrs. F. A. Darlington, Mrs. S. Martin and Mrs. Irene Hawkes.

Mrs. Kay Cranstall, Miss Shirley MacLennan and Miss Lucille MacLennan will be in charge of the girls who will escort guests through the house.

Assisting will be Mrs. Rita Coughlin, Mrs. C. C. Wilson, Mrs. Thomas Kelly, Mrs. Margaret Simons, Mrs. David Weideman, Mrs. Harry Coley, Mrs. R. R. Holbush, Mrs. Mary Conway, Mrs. Bert Tonn, Mrs. Fred Stratton, Mrs. F. R. Murawski, Mrs. W. T. Mathews, Mrs. A. C. Woodman, Mrs. M. S. Selders, Mrs. J. E. McNeil, Mrs. D. J. Douglas, Mrs. William Phillips.

Mrs. J. H. Sayres, Mrs. John Bailey, Mrs. P. O'Connor, Mrs. James Mole, Mrs. J. C. C. Burger, Mrs. W. H. McCallum, Mrs. A. E. Kowalew, Mrs. J. M. Hutton, Mrs. Josephine Connolly, Mrs. Joseph Lebeck, Mrs. Walter Jordan, Mrs. Lucien Kraemer, Mrs. Thomas Fitzgerald, Mrs. Richard Dehner and Mrs. Michael McLaughlin.

Mrs. Zarsky Is New Head of Ladies' Good Will Club

Mrs. Orest Zarsky was elected president of the Ukrainian Catholic Ladies' Good Will Club, at the recent annual meeting.

Other officers elected include Mrs. Thomas Petasek, immediate past president; Mrs. Peter Greshchuk, secretary; Mrs. Paul Skrynnik, treasurer; Mrs. Michael Sawchuk, press; and Mrs. Joe Melnychuk, cook book convener.

Appointed as visitors to the Col. McNewburn hospital were Mrs. A. C. Crounman, Mrs. A. Burdick, Mrs. M. Sawchuk and Mrs. Thomas Prestopny.

CONVENERS NAMED In charge of valuing sick members, and sending flowers will be Mrs. John Smulski and Mrs. J. Dydek.

Controllers are Mrs. E. Prokop, Mrs. A. Diczak and Mrs. M. Senko. Activities for the past year were reviewed.

It was reported that donations had been made to the B.C. Flood Relief Fund, the Diocesan Fund, the Ukrainian National Hall, the Orphanage of St. Anne in Mundare, relief fund for the Kosak family, the Save the Children Fund, the Red Cross, the Ukrainian News, and refugee funds.

ORANGES GIVEN PATIENTS In addition, members sent two cases of oranges to both the General Hospital, T.B. ward and St. Joseph's hospital, and took part in the blood donor campaign.

Monthly visits were paid by members to patients in the Col. McNewburn hospital, as well as special parties at Valentine's Day and Easter. Subscription to the Ukrainian News was donated to the General Hospital, T.B. Ward.

Flowers were sent to St. Joseph's Cathedral at Easter. Members were also active socially during the year. They served tea at the opening of the Bishop's palace and at the annual convention of Ukrainian Catholic Women League, and communion breakfast for the Knights of Columbus.

Newly arrived women from Europe were fed at a social evening, and a New Year Eve frolic was also held.

Gift was presented to His Excellency Bishop Neil Searcy, S.J., was reported, and a delegate was to the Canadian Catholic Women's Congress, in Calgary.

Highlight of the year was the annual bazaar and sale. Handicraft and workwear display, sponsored by the Good Will Club, was featured at the Carnival of Nations.

UNIVERSITY graduates were married recently in a candlelit ceremony at Metropolitan United Church. Lorna May, daughter of Mr. and Mrs. James Fraser of Pamburn, Sask., became the bride of Gerald Heath, son of Mr. and Mrs. W. G. Heath of Edmonton.

SOCIAL AND PERSONAL

June Bride-Elect Guest of Honor As Edmonton Hostesses Entertain

Popular bride-elect of Tuesday, Miss Phyllis Sutton has been guest of honor at several parties and showers.

Miss Sutton will be married to James McNally at Christ Church in an afternoon ceremony.

A miscellaneous shower was held by Mr. and Mrs. Arlene Jones and Miss Barbara Blackett at the home of the former's mother, Mrs. R. E. Jones. Eighteen guests were present.

Members of Edmonton House IOOE Chapter gathered at the home of Miss Muriel Duke when a kitchen shower was held in Miss Sutton's honor. There were 20 present.

On another occasion, Mrs. Gordon Hearn was hostess to 16 when miscellaneous gifts were presented to the bride-elect.

The hostess was assisted by her daughter, Janet. An after-party last evening was held at the home of Mrs. F. W. Field when 40 were present. Both Miss Sutton and Mr. McNally were honored guests.

Miss Rita McRoby will receive with members of the social committee, Mildred Fleming, Mary Devaney and Anne Ostabek.

Presiding at the tea-urns will be Dr. R. E. Jensen, Dr. R. E. Blackwood, Dr. Richard Poirier and Dr. Fred Connors.

Men are specially invited to attend.

WEEK AT THE RACES was enjoyed by Mrs. L. J. Malden who returned yesterday to her home in Wetaskiwin.

Other racing enthusiasts who came to Edmonton for a brief visit last week are Mrs. and Mrs. James Miller of Calgary. They were guests at the Corona hotel.

SUMMER FUN for Dr. G. M. Ellis, his wife and family means a jaunt to their summer home at Mac-Mo-Beach.

They spent last weekend there to part to commute from the city frequently during the season.

OPENING TEA was held yesterday at St. George Greek Orthodox Church and hall. The Greek Canadian Ladies' Society lauded invitations to more than 200 guests.

Tea was served from 3 to 6 p.m.

EARLY JULY wedding plans are in the formative stage for Mildred Loren Aspedoken and Norman Barton MacCrinnon.

Their engagement was announced by the bride-elect's parents, Mr. and Mrs. Aspedoken, Mr. and Mrs. MacCrinnon in the city of Mr. and Mrs. J. N. MacCrinnon of Dallas, Tex.

Visiting for a few days in the city, Mr. and Mrs. J. S. Sian are guests at the Macdonald hotel.

BANQUET and program will be held by Central Women's Christian Temperance Union in Russell Memorial United Church.

It will be held Friday at 6:15 p.m.

Oldster Enjoys Double Celebration With Her Family

Double celebration is 81 order for Mrs. Annie Hazard today.

Miss Mary Kay Hazard, 81, today and walks for the first time since an accident at Christmas time when she fell and broke a hip.

Friends and relatives called yesterday to offer their congratulations.

A family dinner will be held in honor of Mrs. Hazard at the Seven Seas tonight.

TAWASI CLUB

BURGESS BEDTIME STORIES

Tides are Caused By The Sun and the Moon

Dear Tawasi:

When the tide has gone out boys and girls who live near the sea flock to the beach to spend hours building sand castles and wading in the shallow water. When the tide comes in, sand castles wash away and boys and girls must be careful about swimming.

Tides are due to the attraction of the sun and the moon. The water is pulled up by the attraction of the sun and the moon. The water can be seen at the seashore when the water comes streaming up to a higher level on the beach and then falls back again as the tide falls or ebb.

There is a greater pull on the side of the earth which is towards the moon and a lesser pull on the side farthest away from the moon. The earth turns completely round every twenty-four hours and during this period every point passes the two marks of high tide. That is the reason there are two high tides every twenty-four hours. The sun plays a part too in making tides. Although the sun is

much higher than the moon it is millions of miles farther away and so its pull is weaker.

Very high tides, called spring tides, occur when the sun and moon are both pulling in the same direction. This happens at full and new moon, but at half moon the sun and moon are pulling up tides in different places. These tides are called neap tides.

If you have ever played at the seashore you will have noticed that the tide is about one hour later each day, really 50 minutes later. This occurs because the moon is moving around the earth and by the time the earth has made a complete turn the moon has moved on slightly so it is more than 24 hours before every point has passed the high tide mark.

But the sun and the moon are not the only things contributing to the greatness or smallness of the tides. People who live on the shores of the Mediterranean Sea notice tides which move over a distance of only a few feet. There the water rises just a few inches. In places like this the amount of water to be piled up is small, compared with that in a large ocean such as the Pacific.

If ever you've been to the seashore you know that when the tide has gone out there is a muddy, bony beach on which to play. Tides are the daily rise and fall of the water and the sea.

BIRTHDAY GREETINGS

Birthday wishes go today to many boys and girls who live in towns and villages in all parts of Alberta.

Jean Fillion of Camrose was 12 years old June 1 while June Muschell of Burnsville celebrated her 14th birthday that very same day. Away up at Fort-Bias in British Columbia Dennis Machan was 10 years old June 1.

At Falis, Barbara Jean Huxel had also birthday candles on her cake because she was nine years old June 2. Joan Arth of Cadomin celebrated her 11th birthday June 4 and Maxine Gill of Telford her 14th birthday June 8.

Celebrating her 13th birthday June 6 was Marjorie Marsh while Robert Martin of Red Deer is also 13 years old, but on June 6. Birthday greetings also go to Betty Barthele of Altitude who was 12 years old June 7.

It made him appear very brave to scold one so big as Buster Bear.

the business in hand, which was to get their fair share of those delicious, sweet, brown, little nuts.

But foolish Chatterer continued to race about avoiding everybody and claiming that all those nuts belonged to him. The last attention that others gave to him, the nut he grew. He was angry because he was pigskin and he couldn't bear to see the others getting those nuts, and he was angry because no one ever longer paid him the least attention.

CHATTERER SCOLDS

At first he scolded everybody, just after a while he devoted all his scolding to Buster Bear. Perhaps on the last day of the month he very much to scold one so big as Buster Bear. For a long time he was quite content to do his scolding from the safety of a tree. As Buster moved about from place to place, Chatterer would follow from the tree top and from high above Buster's head would call him names and say all the mean, unpleasant things he could think of. Buster paid not the least attention to him. He was right on hunting for nuts with little whines and grunts of pleasure. Just as if there was no Chatterer.

Chatterer just couldn't stand this. He would be scolded from the high perch and clinging to the

Industry Search Is Underway

Wetaskiwin After Factories Using Products of Farm

WETASKIWIN, June 8.—For a place with a name that means hills of peace, Wetaskiwin has been waging a long war.

And it's still in the trenches for a fight to the finish.

"We want industries allied to the farms," said Mayor Morley Merner.

POPULATION UP

The city's population is going up and so are some of the numbers. A couple under construction are worth \$100,000 apiece—but the place would like to hear more than train whistles blowing.

"We feel we have all that is required for industries, with utilities in ample quantities," said Mayor Merner. "There was a time when we had a threatened water shortage, but that has been overcome with three new wells."

The board of trade and city council are co-operating in search for new businesses, a search concentrated at the moment on industries which would process farm products.

BRICK CLAY AVAILABLE

Anybody who wants to turn out some bricks would be welcomed too. The district has an excellent clay. There was a brick factory there some years ago, but the building slump brought its demise. However, as samples of the left behind attractive city buildings and a bank made from Wetaskiwin brick.

"But what we want are farm industries," said Mayor Merner, who was born at Wetaskiwin and at 30 is serving his third term as mayor. "We are in an admirable position to handle processing of such farm products as cheese, wool, dried milk and tanning," he said.

At the moment three Wetaskiwin hatcheries are shipping eggs all over the west.

SIDEWALK PROGRAM

The city this year is undertaking extensive sidewalk paving, road graveling and sewer extensions. And faith in its citizens is reflected in the \$300,000 building permits for the year.

A class A tourist camp, estimated to cost \$100,000, is contemplated by private party. The Northwest Utilities is planning a storage warehouse and garage. The United church is building a new manse.

And the board of trade is taking its own census because it figures the population is about 4,000. It is a good talking point for prospective industries. Anybody who wants to know something of what is going on in prospect is first in line.

"It has been a tough job because we are so close to Edmonton," said Mayor Merner. "But we are still beating the tom-toms."

REAL TOM TOMS

And Wetaskiwin once heard the beat of the real tom tom, for at nearby Fort Elbert the whites played for a century. The first Indians were on the loose. Upkeep of the fort today is a project of the Edmonton's Commercial Club.

It was on a hill near Wetaskiwin that the Cree and Blackfoot signed a peace treaty.

From that hill they get the name for Wetaskiwin, which still waits to sign on the dotted line.

Smoky Lake Club Officers

SMOKY LAKE, June 8.—New officers of the Smoky Lake Lions club are: president—M. F. Cummings; secretary—C. N. Severn; vice-president—P. Semchuk; and vice-president—P. Semchuk. Third vice-president—N. Makarenko.

Full twitter—S. P. Kotyk; lion tamer—N. Skorsgard.

Board of directors consists of: Palmarack, Harry Woytkiw, W. Home and T. Dzworichak and official photographer N. W. Gavin.

Over 200 Attend Tillage Event

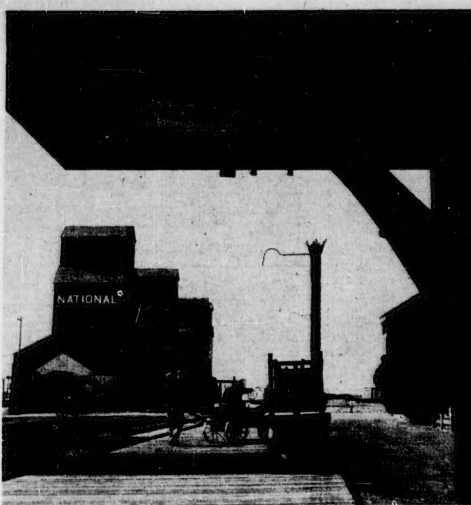

WILLINGDON, June 8.—Over 200 spectators attended the tillage competition sponsored by the Department of Agriculture on Friday at the farm of John Seake. Winners with large tillage were: 1. H. J. Fedorak, Willingdon; 2. Willis Poir, Willingdon; 3. Dan Hordichak, Willingdon; 4. Mike Narsis, Willingdon.

Small tiller winners were: 1. Mike Kaskas, Sunland; 2. John Hordichak, Willingdon; 3. Mike Narsis, Willingdon; 4. Gordon Johnston, Willingdon.

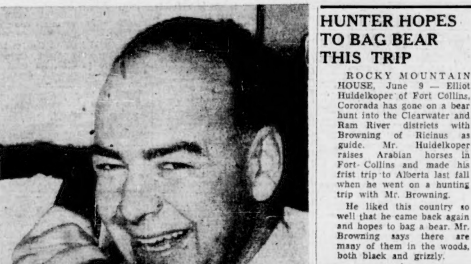

Judges were Mr. McKenzie, of the Institute of Technology, Calgary, and Fred Smith, field supervisor from Lacombe. After the awarding of the prizes, Mr. McKenzie gave a very informative talk on motor lubrication.

Millet Student Receives Ph.D.

MILLET, June 8.—Wallace B. McConnell, son of Mr. and Mrs. W. J. McConnell, of Millet, has received his doctor of philosophy degree from McGill University. He has accepted a position with the National Research Council and will work in the laboratory at Saskatoon.

THESE ELEVATORS and the farmers who fill them have been Wetaskiwin's mainstay for years. A mill in the city this year celebrates its 50th birthday. Wetaskiwin, however, is waging a continual fight to get industries allied with farm production.

SMILING MAYOR Morley Merner is one of those leading Wetaskiwin's fight for industries. His story is one of a hometown boy who made good. At 35 he is a successful business man, is serving his third term as mayor.

Education Seen Field For Future

EDMONTON, June 8.—Suggestion that graduates do not overlook opportunities in the field of education was made by W. E. Frame, chief inspector of Alberta schools, as he addressed a graduating class of the Edmonton high school.

Mr. Frame advised the graduates to choose their life's work carefully and in consultation with counselors.

Jim Switzer, students' union president, delivered the valedictory, and Norman Gourley gave the class history. Musical selections were contributed by Sheila Heddon.

PRESENTATIONS MADE

Principal M. D. Meade presented graduates with gold school pins. Corporal has gone on a bear hunt into the Clearwater and Ram River districts with Browning of Regina as guide.

Mr. Hudekoff, who is raising Arabian horses in Fort Collins and made his first trip to Alberta last fall when he went on a hunting trip with Mr. Browning.

He liked this country so well that he came back again and hopes to bag a bear. Mr. Browning says there are many of them in the woods, both black and grizzly.

HUNTER HOPES TO BAG BEAR THIS TRIP

ROCKY MOUNTAIN HOUSE, June 8.—Elliot Hudekoff, of Fort Collins, Colorado, has gone on a bear hunt into the Clearwater and Ram River districts with Browning of Regina as guide.

Mr. Hudekoff, who is raising Arabian horses in Fort Collins and made his first trip to Alberta last fall when he went on a hunting trip with Mr. Browning.

He liked this country so well that he came back again and hopes to bag a bear. Mr. Browning says there are many of them in the woods, both black and grizzly.

Drilling Crews In Fortin District

FERNTON, June 8.—Crews with seismograph and test hole outfits have mapped the territory between Central Valley school and Battle lake, with Red Deer in the centre.

This activity has resulted in two derricks being erected, one in the Fortin district and the other east of Battle Lake.

Chicks Frozen In Dust Storm

By Ken Liddell
Provincial News Editor

The heading on a story in yesterday's Bulletin brought to mind Mrs. A. V. Shepherd.

The heading said "20 MPH winds raise dust storm threat." The story came from Regina, Sask., and Mrs. Shepherd comes from Brerwick, which is near Regina.

And northern Alberta farmers, with their green meadows, their feet firmly on the good earth and their minds on oil, would never appreciate the sadness we saw in Mrs. Shepherd's eyes.

The train was rolling out of Saskatoon toward Edmonton and Mrs. Shepherd, sitting at the aisle, was looking out the window.

"I thought it was getting dust storm," she said, "but that isn't dust. That is dust."

"I know a lot about dust. I just lost 70 chicks because of a dust storm," she said. "The blowing dust choked the oil pipe in the brooder and the chicks from Meats a lot to lose 70 out of 250 chicks."

"I don't know when farmers will learn proper tillage. You can't put old heads on young shoulders," added the slim, trim and friendly Mrs. Shepherd.

She talked a lot about the farm and the farm problems. Such as the time they saw 300 acres of crop hauled out in six minutes.

A year's work licked away with the clock," she said. "Mrs. Shepherd also came from Ireland years ago when she was a girl."

She had led a comparatively easy life in Ireland and when she went to the farm her hands got "so cracked she had to use a doctor." "It has been hard work," she said, "but the independence has been worth it."

If it wasn't one thing it was another, she said, and the first was to find out where the water was. She said she learned to look for water under a badger hole. Badgers know where there is water. Never mind the snappy "And today there is all this talk about margarine," she smiled. "I remember in the drought we used 30 pounds of butter for sale grease. It was cheaper than buying grease. There was nothing else to do with it, anyway."

But for all its trials and tribulations, she said the farm was the best place to bring up children.

South Area Survey For Grazing Aid

CALGARY, June 8.—(CP)—A statement given yesterday by the assistant of the Alberta lands and forest department, has been sent to make a survey of the range and land situation in the area of the Crown's West Forest Reserve in the western Alberta. It was announced yesterday by the Eastern Rockies' Forest Conservation Board.

Later in the summer it is hoped to extend the survey to the southern part of the Bow River Reserve.

STUDY GRAZING

Object of the survey is to study grazing conditions and grass types. A rough survey of forest conditions, as encountered, will be made at the same time.

Basic information obtained from the survey will be used to develop long-range policies with a view to obtaining the greatest possible flow of water in the Saskatchewan river and its tributaries.

Wetaskiwin High Wins Two Games

WETASKIWIN, June 8.—Recently formed Wetaskiwin high school baseball club have been victorious in the two games they have played so far against other high school teams. They took the long end of a 1-0 lead against the snappy looking and vaunted Lacombe nine.

Ponoka into camp on Ponoka grounds with the top end of a 5-4 score.

Marsh Severn for the Wetaskiwin club pitched the full game and was credited with 13 strike-outs. In the game against Lacombe Severn and Stafford were the pitching team for the locals.

Kentucky has more miles of navigable river water than any other state in the U.S.

Carry a tune wherever you go

MORE FUN... ALL YEAR 'ROUND
WITH AN RCA VICTOR PORTABLE

For yourself... or others... an RCA Victor Portable means more fun wherever you go. The fun of the Portables plays anywhere anytime... outdoors wherever vacation whims may lead... indoors winter, summer, spring or fall. For picnics, parties, sailing or just relaxing... and for personal entertainment the year round, there's just nothing to equal an RCA Victor Portable. Other than gay impromptu... see your RCA Victor dealer today!

Life of the Party!
RCA VICTOR'S BP-6C
Canada's Finest Portable
Plays on its self-contained batteries or 'plugs in' on house current. Fine "Golden Throat" tone... 6-tube standard. Light the diddler to see to play. The handiest case in lightweight aluminum and plastic... \$8000 (batteries extra)

Also available in the short-wave and standard reception Model BP-4C

Moontlight and Music!
RCA VICTOR'S BP-500
Now enjoy RCA Victor's remarkable new "indoor-outdoor" table set which plugs in any AC or DC outlet or plays on a self-contained battery. Here's a radio that's convenient and smartly styled... with a handy-carrying handle and sliding doors which cover the face. For one, beauty and that "different" note which adds charm to your surroundings, see... hear the RCA Victor BP-500... today! \$6450 (batteries extra)

The ideal gift!
RCA VICTOR'S BP-5C
Styled for the smartest circles, the BP-5C plays wherever you go... outdoors on its long-life battery, indoors on AC or DC house current. Powerful 5-tube circuit gives plenty of volume and rich clarity of "Golden Throat" tone. Lightweight in beautiful maroon plastic case with a saddle of durable simulated alligator... \$4950 (batteries extra)

For a similar model designed for battery-operation only, see the RCA Victor BP-400... \$3295 (batteries extra)

Mighty midget!
RCA VICTOR'S BP-401
For a different and personal gift, here's the perfect pocket-size stereo. The useful BP-401 is just 6 1/2 inches high including self-contained batteries. Plays into the smart case of lizard-grained plastic. Remarkable noise quality... \$4600 (batteries extra)

City Girl Wins Awards

Edmonton University of Alberta graduate, Helen McGregor, is the winner of one of four \$200 library science scholarships awarded by the provincial government.

Miss McGregor, daughter of Mrs. J. C. McGregor, 10500 96 Avenue, will be able to take training in library science at an accredited library school or university.

Other scholarships were awarded to Marjorie A. Hallie, Henrietta Mary Barreault, and Marguerite Stewart, all of Calgary.

Awards were announced by Hon. A. J. Hooke, minister of economic affairs, following recommendations by the Alberta Library Board.

Remand to Autumn Granted by Justice

In the only case heard this morning, Supreme Court Justice C. J. Ford remanded Harry Hough, charged with false pretenses, until the fall session of the criminal court's.

Court prepared to hear case of John Prusko, charged with retaining the automobile.

PARKING RAP CHEAP HERE

OIL CITY, Pa., June 9.—(AP)—First-offenders yesterday profited five cents by paying their overtime parking tickets.

Mayor William A. Mark became a father so he re-sponded with a 15-cent cigar as each motorist paid the standard 10-cent fine.

Prudham Urges Cheap Housing

Cheaper housing for young people, particularly on the farms, was a plank in the platform advocated Tuesday night by George Prudham, Liberal candidate for Edmonton West.

Mr. Prudham, speaking at the St. Albert community hall, was introduced by Danen Innes, principal of Strathcona high school.

Also speaking on behalf of Mr. Prudham was Neil D. Maclean, who traced the record of the Liberal party and Jean St. Laurent, who, in French and English, spoke on relations between George Drew and Premier Maurice Duplessis in Quebec.

22 EDMONTON BULLETIN, Thursday, June 9, 1949

Civilian Protection Sought During War

Protection for civilians in time of war is being sought by the International Red Cross, Robert Muir, assistant provincial commissioner, told Rotarians at the weekly luncheon meeting here today.

At a recent meeting attended by representatives of 36 nations, it was agreed that measures be taken to protect civilians as prisoners of war from military attack, Mr. Muir said.

LOCAL CHARACTER CHANGES

Locally, Mr. Muir told Rotarians, the character of the Red Cross is changing with changing economic make-up of Alberta.

With advent of oil and stepped-up industries in Edmonton, the Red Cross must be prepared for emergencies just as it was prepared to meet the Fraser River floods in B.C.

Human side of Red Cross operations was sketched by Mr. Muir and a few secrets bared. One of them involved preparations to meet possible evacuation of the entire population of Prince Rupert, B.C. during the war.

Red Cross was prepared to take over Jasper Lodge and Banff Hotel for accommodation of evacuees pending their distribution through the prairies.

Evacuation was for a time deemed necessary because of the Japanese threat, he said.

C. B. Clark of Toronto General Trust Company was chairman of the day.

Dog Owners Are Rounded-Up Again

Another battalion of disgruntled dog owners was hailed into court charged with allowing dogs to run at large within the city limits.

Total of 33 owners yesterday afternoon were fined one dollar each and warned to keep their pets confined in future.

TWISTED ROARS across fields near Manhattan, Kansas, a few seconds before it ripped apart nearby farm-house, not shown in picture. Shot was taken by student of Kansas State College at Manhattan, using box camera.

60 'Chute Cloud To Fall Saturday

Mammoth RCAF Air; Ground Display to Feature Jet Craft

Edmonton's air-minded citizens will watch 60 parachutes in the air at one time Saturday when mammoth Air Force Day exhibition opens at RCAF Station.

The public will see high speed Vampire jets run through flashy formations. All told, 15 types of aircraft will be represented.

Four hangars have been outfitted for RCAF displays. Raised on servicing jacks will be a Dakota aircraft. The complicated hydraulic system will be demonstrated, showing the landing gear retracting into the engine nacelle, reducing air resistance and increasing speed.

SHOOT STARS

Navigation section will display intricate instruments used for observation purposes. Visitors may attempt to "shoot" the stars with a sextant.

Number three hangar will feature a display of weapons used by the RCAF in Second World War. Rockets will be lighter planes at- tacking tanks and train, will also be exhibited.

SWAC "K" Flight will display photographs of its operations in the north accompanied by a map showing bases in the Arctic. Also included will be pictures of northern life photographed by members of "K" flight.

For patrons who like a between-meal-snack, 600 feet of counter space have been provided.

Pay Parade

The 36 C.C.S. will parade in the Prince of Wales Armoury tomorrow. There will be pay parade for all personnel, who attended Army Week.
